The diagram illustrates a network structure with nodes and edges. The nodes are labeled with numbers (2, 4) and percentages (2%, 4%). The edges are labeled with numbers (2, 4). The network consists of several interconnected components, including a central node labeled '2' and a node labeled '4' at the top right. There are also nodes labeled '2%' and '4%' at the top left. The edges connect these nodes in a complex pattern, with some edges labeled '2' and others labeled '4'.
